

PRESS RELEASE

Valley Cottage, NY – Empire Sports Physical Therapy and Rehabilitation had its Open House and official Ribbon Cutting Ceremony on Saturday, February 24, 2018. County Supervisor George Hoehmann as well as Legislature Lon Hofstein were on hand to help celebrate the opening of the new business alongside owner, David Stedjan, his wife Annamarie, his two children and parents.

Despite the many days of rain during the week, the weather held out and there were even peaks of sunshine during the morning and early afternoon hours, as friends and neighbors of the community filtered in and out of the new facility. All who attended had the opportunity to tour the facility and ask questions about the services that Empire Sports Physical Therapy and Rehabilitation offers. Neighbors and friends of the community spent the time enjoying one another's company as well as light refreshments that were provided. All those in the Clarkstown community and the Hamlet of Valley Cottage that came out to show support for the new business was great and the

camaraderie between the neighbors and friends shone through.

Owner, David Stedjan, started off by addressing the crowd saying, "I want to thank everyone for coming out today." He went on to say, "this has been a 10-year dream of mine." "I wanted to open a Physical Therapy facility in the community to service my neighbors, to help everyone in Clarkstown be healthy and out doing what they love." David then turned it over to County Supervisor, George Hoehmann who graciously said "we are delighted that you not only have made Clarkstown your home but now you have made your business a part of the community as well." Hoehmann continued to express that the county administration will be there to support and help grow the business in any way they can and hope to be on hand for further expansion in the years to come.

Empire Sports Physical Therapy and Rehabilitation officially opened its doors to the community back on January 29, 2018 and has been servicing the neighbors of Valley Cottage and neighboring towns for 4 weeks now. "I was so happy to have the Ribbon Cutting Ceremony and Open House that allowed the people of the community to see the new facility and ask any questions they might have about our services and Physical Therapy in general," David said.

Physical Therapy is specialized care that aims to ease the pain from an injury, rehabilitate from surgery, restore function and the ability to move, as well as prevent further injury through different treatment techniques. Empire Sports Physical Therapy and Rehabilitation prides itself on high quality care for each patient that walks through the door. The experienced clinical staff develops and delivers comprehensive and personalized plans that are based on the patient's specific goals and individual level of fitness.

You can contact Empire Sports Physical Therapy and Rehabilitation with any questions via email at info@empiresportspt.com or call 845-675-844 to make your appointment or schedule a free injury consultation.
